About Me

I'm a B.E CSE Graduate, Who is interested in Computers and learned and created simple projects with Python, Javascript etc. Also learnt cloud technologies such as AWS and DevOps. Apart from these skills I'm good in Documentation and can produce good Presentations too, and have some knowledge on graphics tools to editing SVG, Photoshop using GIMP and simple video editing. I enthusiatically embraces new technologies, committed to ongoing self-improvement. I also have interest in Game Development and created a simple Snake Game using Javascript. Recently I got interested on Electronics and microcontrollers.
